### ADMINISTRATIVE MODIFICATION #2012.149

#### **I. Proposed Action:**

Modify the FY 2013-2016 Statewide Transportation Improvement Program (STIP) by adding the following project to Exhibit A-5.

**Location:** Monroe County

**Highway Plan Item No.:** 3-158.00

**Route:** KY 214

**Project Description:** Turkey Neck Bend Ferry. In 2014 our barge and tug will need to come out of the water to be inspected, cleaned, and reinforced. This will consist of welding and painting the vessels, including but not limited to, the rails and steel decking that the wheel paths ride on. We will also need to update some of our chains and other misc equipment. These improvements will extend the life of the barge and tug. This is a Coast Guard requirement. This is on a 5 year cycle.

**Phase:** Non-Highway

**Type of Fund:** Ferryboat Formula Program (FBP)

**Fiscal Year:** 2014

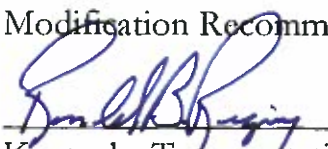

**Federal Funding Amount:** \$84,942.00

#### **II. Additional Remarks:**

Federal Ferryboat Formula Funds are available for this project; therefore, a new fiscal constraint analysis is not needed.
